To Whom It May Concern:

It is my pleasure to recommend Eagle Roofing for any roofing project that you may have.

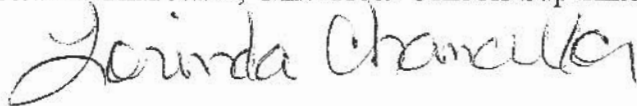

We replaced our gymnasium roof at Mill Creek Schools this past summer. After board review of recommendations and carefully evaluating the products out there we chose to use Eagle Roofing.

The service and sales were outstanding. They made every attempt to make sure we were satisfied. The roof is on, looks great and has already withstood several major thunder and hailstorms. We are very pleased with the product and were also pleased with the service we received.

Eagle roofing has been back several times to check on the roof and to make sure we are satisfied. I fully believe that if we have any problems that they will make it right and do their best to stand by their warranty and policies.

Again I recommend Eagle Roofing.

Lorinda Chancellor, Mill Creek Schools Superintendent
