Reference Letter: Eagle Roofing

From: D.S. Powell, Superintendent of Schools

Re: Roof Projects

Wayne Schools has employed the services of the Eagle Roofing Company for several flat roof projects. The work has been performed in a professional timely manner. Problem roofs are now leak free. Our district is very pleased with the results from using Eagle Roofing.

I would highly recommend Eagle Roofing for your next project. In the future if need arises, this company will be first on the list to call. I would invite you to inspect our roofs and I will certainly be available to answer any questions you may have about our projects.

Sincerely,

D.S.(Zack) Powell
Superintendent of Schools
